### JUNE 7

This one day 8-10 hour course will be offered on Saturday, June 7. Sunday, June 8 will be the rain date.

*NB: The commitment is for both days.*

The course focuses on hands-on application of all skills. Consequently, it is **NOT** approved by the U.S. Coast Guard or the National Association of State Boating Law Administrators (NASBLA) as meeting requirements for a state Boating Safety Certificate (aka boating license).

US Sailing Membership is **not** required to participate in an Accelerated Safe Powerboat Handling course.

***Passing this course is a requirement for entry into a Safety & Rescue Boat Handling Course.***

### COURSE DESCRIPTION

This is an on-the-water course for anyone who needs to improve their boat handling skills and gain more experience to safely operate a small motorboat. The course focuses on hands-on application of all skills, including engine & electrical systems, starting procedures, docking, leaving and returning to a slip, close quarters maneuvers, anchoring, steering a range, proceeding to a destination and water rescue.

Students will be expected to study the course material prior to the course and pass a written exam covering equipment requirements, rules of the road, aids to navigation, environment regulations, safety and emergencies.
